## **To Whom It May Concern:**

**For several years now it has been our pleasure to work with Sharie Myrick as our sales agent for Xerox products and services. We use not only their equipment but also their mail room and print services.**

**Because of the diversity of the various aspects of our business, our needs are also diverse and continually evolving. Sharie and her team have been of tremendous help to us in evaluating our job requirements and making sure we have the appropriate equipment to facilitate optimum performance, cost savings and security safeguards.**

**I can wholeheartedly recommend Sharie Myrick as a knowledgeable and responsive representative of the Xerox product line and services. If you need further conversation regarding her expertise and the relationship we enjoy with her company, please give me a call.**

**Sincerely,**

**Tom W. Slack  
CEO**
