

Kim I am sending a quick note to let you know how much I am enjoying our new copier W4150. I don't know how we lived without it.

One of my favorite features is the ability to scan. I never knew how much we needed it until we got it. I also love being able to use the two sided copying for our ID cards, such a great feature without having to turn over the cards.

Thanks again for introducing us to this new copier and I hope we continue to enjoy it later as much as we do now.
